WORK EXPERIENCE

SIBS INTERNATIONAL BUSINESS SOLUTIONS

SOFTWARE DEVELOPMENT MANAGER
NOVEMBER 05, 2024 - PRESENT

As a Software Development Manager, I lead the planning, development, implementation, and continuous improvement of the company's internal software systems and digital solutions. I manage the software development team, oversee front-end and back-end development activities, review technical requirements, and ensure projects are aligned with business needs and quality standards. I also oversee the development of reports, dashboards, system integrations, database improvements, deployment activities, and troubleshooting of critical issues. In collaboration with different departments, I translate operational requirements into practical technical solutions that improve reporting, data visibility, efficiency, scalability, and overall business operations.

DEPARTMENT OF AGRARIAN REFORM (REGION XI)

REGIONAL IT SUPPORT STAFF
OCTOBER 16, 2023 - DECEMBER 31, 2023

The CCLOA Interim Eco-System database management involves: Reviewing, auditing, reporting data entries, and generating regular reports. Providing findings, analyses, recommendations for improvement, and generating reports. Monitoring Field Validation Team data entries, reporting, and generating reports. Offering ICT technical support, documenting incidents, and generating reports. Additionally, assisting with system upgrades and performing assigned tasks.

JS UNITRADE MERCHANDISE INC.

SALES SYSTEM ASSISTANT
OCTOBER 2021 - SEPTEMBER 2022

Supported the administration and day-to-day operation of sales systems, reporting tools, and business processes to ensure business continuity and support the achievement of sales, revenue, and KPI targets. Generated and consolidated Sales-to-Trade (STT) reports for Mindanao distributors, validated sales data, prepared recurring sales summaries and performance reports, and monitored distributor sales performance. Provided troubleshooting and technical support for sales system-related issues, coordinated with sales teams, distributors, and internal departments to resolve data and reporting discrepancies, and contributed to process and system improvements to enhance reporting accuracy, operational efficiency, and overall sales support.

FALCULAN TWINS REVIEW CENTER

SOFTWARE DEVELOPER / CLOUD MANAGER
NOVEMBER 2019 - AUGUST 2021

Provides design and creates web-based system. Administer cloud hosting, database and maintain security protocols. Able to develop and design video conferencing app with multiple security features using android platform.

EAYANA E-COMMERCE CONCEPTS

TECHNICAL SUPPORT / GRAPHIC DESIGNER / PROJECT MANAGER / OJT TRAINER
MARCH 2018 - JANUARY 2021

Maintained and monitored the overall health and performance of computer hardware, software, and network systems to ensure smooth daily operations. Prepared regular reports and maintained an updated inventory of computer units and IT equipment used by employees. Assisted in designing and maintaining network topology, structure, and security measures to help protect systems from spam, malware, and other potential threats. Managed and supported seasonal IT OJT trainees from different schools by conducting technical assessments, training sessions, and performance evaluations to identify their strengths and areas for improvement. In addition, conceptualized and created various graphic materials such as business advertisements, student resumes, social media banners, and other marketing layouts for Australian client accounts, focusing on clean, simple, and visually effective designs.

EVERSUN SOFTWARE PHILIPPINES (OJT)

PROJECT MANAGER
OCTOBER 2016 - APRIL 2017

Provided technical and programmatic support, oversight and monitoring for the Web Based System. Also, support the co-OJT Trees in all aspects of the project life cycle including project planning, work plans implementation, monitoring and evaluation and reporting on project status.
